Tuesday	10AM to 10PM
Wednesday	By Appointment
Thursday	10AM to 10PM
Friday	10AM to 10PM
Saturday	9AM to 10PM
Sunday	9AM to 3PM

Laser Etching and Engraving

The WORK SHOP is continually adding equipment for our members to use. Go to our website to review our list of equipment <http>.

We just added a second laser to the tools available to members. While not of the same caliber as the BOSS 1630. This machine sports 80W laser with a 32" x 24" cutting area.

The WORK SHOP laser space has multiple rotary axis devices for your round objects.

Ann Arbor Creativity & Making Expo

The WORK SHOP attended Ann Arbor's maker fair recently. We had a great time and met some great folks. Ann Arbor's Maker Works was there. As well as Ypsilanti's new TinkerTech. If you want to learn electronics, you must check these guys out!

While at the fair, we had the chance to watch the local Robotics Teams compete. WOW, a tremendous job from students and volunteers. If you're a maker, you really need to see what these young people are building!

To all those great folks who stopped by our booth: it was a pleasure talking with you and we hope to see you soon.

This is a place to DREAM ✨ THINK ✨ MAKE ✨ DO

Upcoming Events

The WORK SHOP is going to be starting up our classes shortly.

LASER Cutting Engraving and Etching

This class will take a project from start to finish. We'll cover these topics:

- Graphic design. This will include some basic information on using Corel Draw.
- Editing the design for the laser. Including using the LaserWorks software.
- Laser settings.
- Appropriate materials.
- What works and what does not work.

We'll also do our best to answer your questions relating to your specific project ideas. Call the shop (734-667-3306) or drop us an email at sales@cantonworkshop.com for details

Stay tuned ... our next class will be on the CNC ROUTER

Maker Faire Detroit

We are planning on attending this event in July. The fair will be held at The Henry Ford.

Hope to see you there!

**5716 Executive Drive Ease
Westland, Michigan 48185**
