CNC Routing

The WORK SHOP has an Industrial CNC Router. This machine is a beast! Here are some of the impressive features of this machine:

1. 5HP water cooled high speed spindle.
2. Table size of 60" x 120". Full width and length cutting of 4'x8' sheet goods.
3. 12" Z axis working range
4. Less than ± 0.002 inch position accuracy
5. Working speed of 0-700 IPM
6. VCarve Pro Maker Space addition

LIMITED SEATING SO RESERVE YOUR SPACE

We have scheduled 2 classes

Saturday, September 15 at 1 PM

Tuesday, September 18 at 6PM

This class will take a project from start to finish. Topics covered will include:

- Overview of VCarve Pro
- Creating Tool Paths
- Materials
- Mounting
- Speeds and Feeds
- Tool Bits
- Cutting parts

Class cost is \$30 for Work Shop members. Non-members are welcome, and the cost is \$65.

We'll also do our best to answer your questions relating to your specific project ideas.

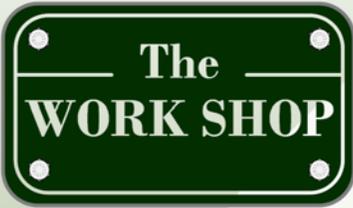

Call the shop (734-667-3306) or drop us an email at sales@cantonworkshop.com for details.

Stay tuned ... our next class will be on the CNC MILL

Below is an example of our CNC Router cut sign.

This is a place to **DREAM** ✪ **THINK** ✪ **MAKE** ✪ **DO**

Detroit Maker Faire 2018

The WORK SHOP attended this years Maker Faire at The Henry Ford. We had a great time. Meet a lot of great people. Some of whom are now members - Welcome!

What is Maker Faire? This is how Wikipedia describes it: **Maker Faire** is an event created by Make magazine to "celebrate arts, crafts, engineering, science projects and the Do-It-Yourself (DIY) mindset". This was our first time attending. Everything from Ghostbusters to Fire breathing dragons. Not to mention, electric go-carts everywhere! We are looking forward to next year.
