Exciting **CHANGES**
at the **WORKSHOP!**

CONSTRUCTION AT THE WORKSHOP! It never ends, and for good reason.

We are constantly trying to improve our shop and add new equipment/tools for members. We just COMPLETED our CNC Router room! This room now houses our router. It really helps to keep the noise and dust down for the rest of the shop. Stop by and check it out!

This class will walk you through the design and building of a **MANTEL CLOCK**. At the end of the class, you will take home the clock you built. By taking this class, you'll learn the following skills:

- Woodshop Safety
- Creating cutting diagrams
- Reading 3-view plans
- Calculating bill of materials
- Proper operation of the following equipment
 - Surface Planer
 - Jointer
 - Table Saw
 - Drill Press
 - Router/Shaper
 - Drum/Panel Sander

Class cost is \$110.

Call the shop (734-667-3306) or drop us an email at sales@cantonworkshop.com for details.

Stay tuned ... our next classes will be CNC Routing, Laser Engraving, Stained Glass and, Intermediate Woodworking

Improvements at THE WORKSHOP

CNC Router Room: Stop by to check out the new router digs! Moving the router into it's own room helps keep the noise down and creates a much more comfortable place to work.

Stained Glass Area: We've set up a couple of benches and equipment for designing and building stained glass. Stay tuned, we'll be offering a **STAINED GLASS CLASS** very soon.

Jewelry: One of our members is interested in teaching a class in **JEWELRY MAKING**. If your interested in this, let us know.

FUTURE IMPROVEMENTS:

- We've drawn up the plans and construction will start soon on our **FINISHING ROOM**. We're really excited about this!
- **BLACKSMITHING** at The WORKSHOP. This spring we should have our blacksmithing area completed. Jason's put together an awesome forge and equipment set!
- **Sublimation Printer** is coming soon. This will allow members to print Tee Shirts, ceramic mugs, mouse pads Stay tuned.
